The Account number is the CAD

The CAD search sometimes does not return anything. This does not mean that the property does not have CAD information.

Check the spelling, sometimes the CAD's do not like Freeway or FM. Try spelling them FWY or Farm to Market.

Check that you are in the correct county- if not change county and try again.

If you are in the correct county and are still not returning anything, go to MAPS

This is where we look up the address on Google maps and compare it to the CAD Map.

The map has a search feature that will work...Rarely. (so good luck)

From here it is just a matter of using the map to locate the property via cross streets.

Any further information can be found here-How To Search - Harris Central Appraisal District
